Angular ESLint A11y

- @angular-eslint/template/accessibility

- just 1 addition in your .eslintrc.json

```
{
  "files": ["*.html"],
  "extends": ["plugin:@angular-eslint/template/accessibility"],
}
```

- or in your flat config (eslint.config.js)

```
{
  files: ['**/*.html'],
  extends: [...angular.configs.templateAccessibility],
}
```

NG ESLint A11y

ANGULAR ARCHITECTS

Demo

@angular-eslint/template/accessibility
