Other Topics

- Angular PWA
- Capacitor
- AnalogJS

Angular PWA

```
ng add @angular/pwa
```

- Installs service worker support for Angular apps
- Adds manifest.webmanifest (installable app, app icons)
- Enables Angular service worker (e.g. offline / API caching)
- Sets up basic PWA configurations (ngsw-config.json)

Demo

@angular/pwa

Capacitor

```
ng add @capacitor/angular
```

- A cross-platform runtime by the Ionic team
- Runs web apps as native apps
 - iOS
 - Android
 - even Desktop
- Access native APIs
 - Camera
 - Filesystem

AnalogJS

- Meta-framework similar to Next.js (React) or Nuxt
- Support for
 - file-based routing and API routes
 - content and markdown
- Ideal for blogs and docs
- [Documentation](#)
